Rights to "Gothic ®"

Essen, 2007-06-06 Regarding the rights to the "GOTHIC" series, statements and incorrect reports have been published by the German and Austrian press. Pluto 13 GmbH has to clarify on this matter:

Specific rights to already or yet to be published games of the "GOTHIC" series were contractually granted to JoWooD Productions Software AG, Austria. The same applies to usage of the trademark "GOTHIC". These contracts are extensive and confidential.

Claims that all rights to all future games of the GOTHIC series have been exclusively granted to any company are definitely wrong.
